

Consortium Partnership 2020

Consortium Partners are a dynamic network of organizations and community healthcare leaders that support The Health Museum through their commitment to quality health education in the Greater Houston Community. They embrace the Museum's core purpose to empower healthier living and its mission to foster wonder and curiosity about health, medical science, and the human body.

The Health Museum Consortium Partnership offers visibility and exclusive access to the Museum, with the unique opportunity to engage with our visitors.

With a \$20,000 Consortium Partnership gift, your organization will receive the following benefits:
