Job Title: Science Educator  
Reports to: Asst Director, Programs  
Job Status: Part-time (approx. 20 hrs/week)  
Classification: Non-exempt, not eligible for benefits  
Pay rate: $16/hr+

Job Summary: Science Educators play a key role in bringing The Health Museum’s mission to life for our guests. The primary role of a science educator is to deliver quality programming, which includes but is not limited to the Museum’s School Programs for pre-K through post-secondary students. Developed to promote understanding, curiosity and career awareness, these onsite, offsite and virtual programs complement the exhibit experience. Program formats include hands-on activities, organ dissections, and experiences in the DeBakey Cell Lab.

This is an onsite position that requires some local travel and occasional evening and weekend hours.

Job Responsibilities:
• Facilitate interactive and/or inquiry-based classroom curriculum and activities for students in pre-K through post-secondary classes.
• Conduct off site-workshops and outreach at various partner schools throughout Greater Houston.
• Lead hands-on activities for children and families for special events, health fairs or public programs.
• Conduct independent study as needed to expand content knowledge relevant to Museum programs.
• Collaborate in the development of activities, scavenger hunts, and events for a variety of audiences.
• Meet and greet school and teacher groups.
• Assist with the functioning of the Learning Center as a public, educational space including ability to work all audio-visual equipment.
• Order, organize and inventory program supplies.
• Maintain an orderly shared work area.
• Perform other tasks that pertain to the program responsibilities, as assigned by the Asst Director, Programs.

Qualifications:
• Demonstrated interest in Museum mission  
  o Interest in current science and health developments  
• Coursework in science, health, or science education required; degree in science, health or education preferred  
• Willing to expand content knowledge and learn best practices in informal learning
• Teaching or performance experience a plus
• Bilingual (English/Spanish) a plus
• Experience working in teams
• Reliable, punctual and able to work with minimal supervision
• Strong time management skills
• High level of guest service, enthusiasm and initiative
• Ability to work with diverse audiences
• Positive attitude and interaction style
• Enthusiasm for working with diverse audiences
