

Brave Heart Gala: Health and Safety Protocols

Preparing for a Safe and Healthy Brave Heart Gala!

We are grateful for your support of the Brave Heart Gala. Our top priority is every single person's safety. We ask that guests please read and comply with the following safety and health protocols, which are aligned with local, state, and federal guidelines and were developed in consultation with community experts, board, and staff.

All attendees are required to complete the COVID-19 Vaccine Self-Certification form to be permitted entry into the event. Guests must provide proof of full vaccination, or a negative PCR test taken within 72 hours, via this form. Guests that refuse to complete the forms will not be permitted entry into the event. For the overall safety and compliance of those who have completed their forms, we cannot make exceptions.

We require all guests to adhere to the safety and health protocols listed below:

- Please submit the [COVID-19 Vaccine Self-Certification form](#) prior to attending the Brave Heart Gala.
- If you are exhibiting any symptoms related to COVID-19, we kindly ask that you stay home.

Steps we are taking to protect our guests:

- All staff at The Health Museum have been vaccinated.
- High traffic surface areas, including guest areas, will be thoroughly cleaned and sanitized before the event, following CDC recommendations.
- Hand-sanitizing stations will be installed throughout the event space and masks will be readily available.
- Four Seasons staff are required to wear masks while indoors.

How these protocols were determined:

- In consultation with community experts, and members of The Health Museum board and staff.
- Current CDC guidelines as of August 13, 2021, linked [here](#).
- Ready Harris event recommendations, found [here](#).

Because of the contagious nature of COVID-19, there is an inherent risk of exposure in any public space. By visiting and partaking in events hosted by The Health Museum, you agree to voluntarily assume all risks related to COVID-19 exposure.

We invite you to share this information with your guests and thank you for your understanding and cooperation. Should you have any questions, please visit our FAQs or contact Kathryn Straw, Senior Director of Institutional Advancement, at kstraw@thehealthmuseum.org or 713.337.8441.
